BIZPLUS MANAGEMENT PLT

Your Trusted Business Support Partner in Johor, Malaysia

Accounting · Bookkeeping · Tax Consultancy · Corporate Support · Administration · Management Services

Who We Are

A professional business services partnership based in **Bandar Indahpura, Kulai, Johor**, registered as a Limited Liability Partnership (Est. April 2025).

- Serving **entrepreneurs, start-ups, SMEs, and growing businesses** across Malaysia
- Simplifying financial, compliance, and administrative responsibilities so clients can focus on growth
- Delivering practical, tailored solutions built on a deep understanding of each client's business

Our Vision & Mission

Vision

To become the trusted and preferred business services partner for entrepreneurs and businesses — delivering reliable, practical, and professional solutions that stand the test of time.

Mission

Simplify business responsibilities through professional support, enabling clients to focus entirely on growth — backed by high standards, long-term relationships, and solutions tailored to every business.

Accounting & Financial Reporting

Keeping Your Financials Clear and Current

Sound financial records are the backbone of every successful business. Our accounting services give you clarity and confidence in your numbers.

- Preparation and maintenance of accounting records
- Management accounts and financial reporting support
- Account reconciliation and review of financial information
- Support for overall business financial management

Bookkeeping Services

Transaction Recording

Systematic recording of income, expenses, invoices, and all supporting documents to keep your books accurate and audit-ready.

AR & AP Support

Structured management of accounts receivable and payable to maintain healthy cash flow and supplier relationships.

Bank Reconciliation

Regular bank reconciliation and systematic financial record maintenance to ensure every figure is verified and consistent.

Tax Consultancy & Support

Navigating Malaysian tax obligations can be complex. Our tax consultancy services keep you compliant and well-prepared — reducing risk and removing uncertainty.

- Tax consultancy and compliance support
- Tax-related documentation and review of relevant financial information
- Assistance with tax administrative matters and coordination of tax-related requirements

Corporate & Company Secretarial Support

Corporate Compliance

Ongoing corporate compliance support and preparation of statutory documentation to keep your company in good standing with regulatory authorities.

Company Secretarial Services

Professional company secretarial services and coordination — ensuring filings, resolutions, and records are properly maintained.

Business Registration & Records

Support through the business registration process and ongoing maintenance of accurate corporate records.

Business Administration & Management Support

Free your team to focus on what matters most. Our administration and management support handles the operational backbone of your business.

- Business documentation, administrative coordination, and document management
- Record maintenance and operational support
- Comprehensive management and business support for day-to-day operations

Our Leadership Team

Three experienced partners — each bringing specialised expertise — work in close collaboration to deliver comprehensive, end-to-end business support.
